MEMORANDUM FOR:  OGCR
THROUGH :  OGCR
FROM : Presidential Briefing Coordinator
SUBJECT : DCI Comments on Presidential Briefing
17 August 1978

The DCI noted that he had briefed the President on Law of the Sea and delivered a pamphlet of maps on "Law of the Sea Issues." The briefing was well received, although they were a bit pressed for time. There was some discussion of the possible impact of unilateral US deep sea bed mining. The DCI pointed out the numerous problems that could result. The DCI indicated that this was a useful contribution as were the points about the changing face of the globe as less and less of it is a free area.
